AFRL awards more than \$3.5 million to universities

by Fran Crumb, Information Directorate

ROME, N.Y. — The Air Force Research Laboratory's Information Directorate at Rome has recently awarded contracts and grants totaling more than \$3.5 million to colleges and universities.

Institutions receiving funds for research programs related to the directorate's information technology mission include:

- Indiana University, \$965,000, "Advanced Network Security Project."
- Vanderbilt University, \$913,540, "Web-Based Open Tool Integration Framework."
- University of Southern California, \$685,000, "Joint Experimentation on Scalable Parallel Processor Supercomputers."
- Vanderbilt University, \$359,996, "Layered Fault Management Architectures."

— Columbia University, \$300,000, "Application Layer Intrusion Detection Systems."

— Carnegie Mellon University, \$150,000, "Developing a Defense-Centric Attack Taxonomy."

— University of South Carolina, \$75,000, "The Quantitative Analysis of Cyberspace Utilizing Complex Systems Theory, Multi-Dimensional Time-Series Analysis, Wavelet Analysis and Generalized Entropy Measures."

— Research Foundation of the State University of New York, \$62,733, "Control Reconfiguration of Command and Control Systems."

— University of Tulsa, \$17,000, "Novel Technique Toward Forensic Database Analysis." @
